Testimonials

"Sylvia is a wonderful presenter – naturally engaging and incredibly knowledgeable in the area of the education of children and young people in care. I have drawn upon Sylvia's expertise to work with teachers and university professionals at various events over the last few years. Most recently she ran a workshop at our Annual Teaching Conference, which received excellent feedback.

Importantly, Sylvia has a very personable manner, which makes the audience much more open to talking about difficult and challenging topics. I would wholeheartedly recommend Sylvia and No Child Left Behind Consultants. Feedback on her sessions has always been excellent, and I will no doubt work with her in the future."

- Catherine Bartlett, Director of External Affairs at the Haberdashers' Aske's Federation
